So much more than a store....

You have arrived at your catering solution for all occasions. Not to mention we are a small grocery and restaurant with a cozy market feel. We carry grocery basics from eggs & milk to fresh produce and coffee. Tucked in a corner of the market is our dining area where you can enjoy gourmet “home” cooked lunch and dinners made to order from the freshest ingredients. The market offers a selection of beer and wines to accompany your meal. Mise en Place also provides the option to take your meals to go. At the market, it’s not about being trendy it’s about good, old-fashioned, delicious food.
